### NORTH CAROLINA SCHOOL SUPERINTENDENTS' ASSOCIATION A Resolution Establishing a Partnership with myFutureNC

- Whereas, the North Carolina School Superintendents' Association supports the North Carolina State Board of Education who has approved a strategic plan that includes a goal that every student in a NC Public School System graduates from high school prepared for work, further education, and citizenship; and
- Whereas, equitable opportunities for public school students, educators, and administrators are strengthened through partnerships that focus on comprehensive priorities with alignment to the State Board of Education's strategic plan and guiding principles; and
- Whereas, the North Carolina School Superintendents' Association acknowledges that other State and local agencies, along with educators, parents, communities, and philanthropists, each have significant roles in meeting the needs of children and in removing barriers to their success, and
- Whereas, the broad focus areas of myFuture NC to reach its 2030 objectives – education and workforce alignment; access to lifelong educational opportunities; preparation for education, career, and life – support the North Carolina State Board of Education's vision that "every public school student graduates ready for post-secondary education and work, prepared to be globally engaged and a productive citizen through access to needed resources and rigor"; and
- Whereas, the North Carolina Constitution declares that the people have a right to the privilege of education, and that it is the duty of the State to guard and maintain that right, and
- Whereas, the North Carolina School Superintendents' Association supports the work of the myFutureNC Commission whose efforts, make use of educational and financial resources to fully benefit North Carolina's public school students, educators and administrators, and
- Whereas, the North Carolina School Superintendents' Association acknowledges that its partnership with myFutureNC will help ensure that North Carolina recruits and retains the best educators to improve academic outcomes for all students regardless of background; and
